As of today, nothing has changed its trash overflowing of Adams Blvd. .. and they're still congregating using drygs; drinking alcohol which has been ongoing for months and this request has been unresolved since last year. Its a nuisance that's only getting worse .. day and night activity.. And since the COVID-19 everything stopped rather than place and enforce the abatement. This is not how our community should be.. and allow this presence. It's awful...

Thank you.

Any update as to when thus request for removal will be expedited.. its only

getting worse its about 7 individuals in the same are.. plus they're using drugs.. during the day.. I drove by there today and given this is just unsafe given the COVID-19 pandemic and theres a laundromat across where families are doing laundry and this is what the community has to tolerate and be exposed too for months.. its beyond a nuisance..

Just a quick update..

From observation the past few days there's more than few men and women.. some loitering and not practicing social distancing.. they seem to abandoned the carts and items a night.. its a build up of trash etc... plus they're subjecting themselves to this epidemic. I hope the abatement will assist with the removal

There's also a few abandoned vehicles in the same area (street) one has graffiti all over it.

Thank you!
